Product Description

Blaze Grills Prelude LBM 32-Inch 4-Burner Gas Grill

The Blaze Prelude LBM series provides affordable commercial-style grills designed with your outdoor BBQ challenges in mind. This Blaze 32-inch freestanding gas grill comes with four (4) commercial quality 16 gauge 304 stainless steel tube burners that each deliver an impressive 14,000 BTUs of cooking power, for a total of 56,000 BTUs on the cooking surface. Durable 8mm stainless steel cooking rods maximize your searing capability on the spacious 748 square inches of cooking space. Push and turn flame-thrower primary ignition, backup flash tube secondary ignition and cross-tubes ensure a steady, reliable flame with every start. The removable warming rack is an ideal place to keep bread and other food heated while you grill. The stainless steel heat zone separators allow for different cooking zones across the grilling surface. This adds to your grilling experience, creating separate zones that can be used for different styles of cooking. The flame stabilizing grid minimizes flare-ups while you enjoy your Blaze grill and the full-width drip tray makes clean up a breeze. The stainless steel grill cart features two front doors for storing your propane tank, grill cover and BBQ accessories. The cart also includes four heavy duty caster wheels, allowing you to relocate the grill easily whenever necessary, and two side shelves for a convenient work area. The 304 stainless steel grill hood is double-lined to protect the outer layer from heat discoloration, keeping your Blaze grill looking shiny and new! This product is ETL certified with an ANSI Z21.58-2018/CSA 1.6 rating.
